TECHNICAL SERVICES

A background image on the left side of the slide showing a close-up of a person's arm in a blue denim work shirt, holding a rolled-up white blueprint. The image is partially obscured by a white geometric shape and a grey diagonal bar.

About US

Pinnacle Technical Services is a contracting company specialized in delivering integrated engineering and technical solutions in construction and maintenance. We are committed to quality, safety, and providing comprehensive services for residential, commercial, and industrial projects. Our strength lies in offering reliable mechanical, electrical, and civil works, executed with precision by a skilled team focused on delivering high-quality, long-lasting results that meet client expectations.

Vision

To be the first choice in technical and engineering contracting by delivering innovative solutions and high-quality services that contribute to a sustainable future and meet the evolving needs of our clients across all sectors.

Mission

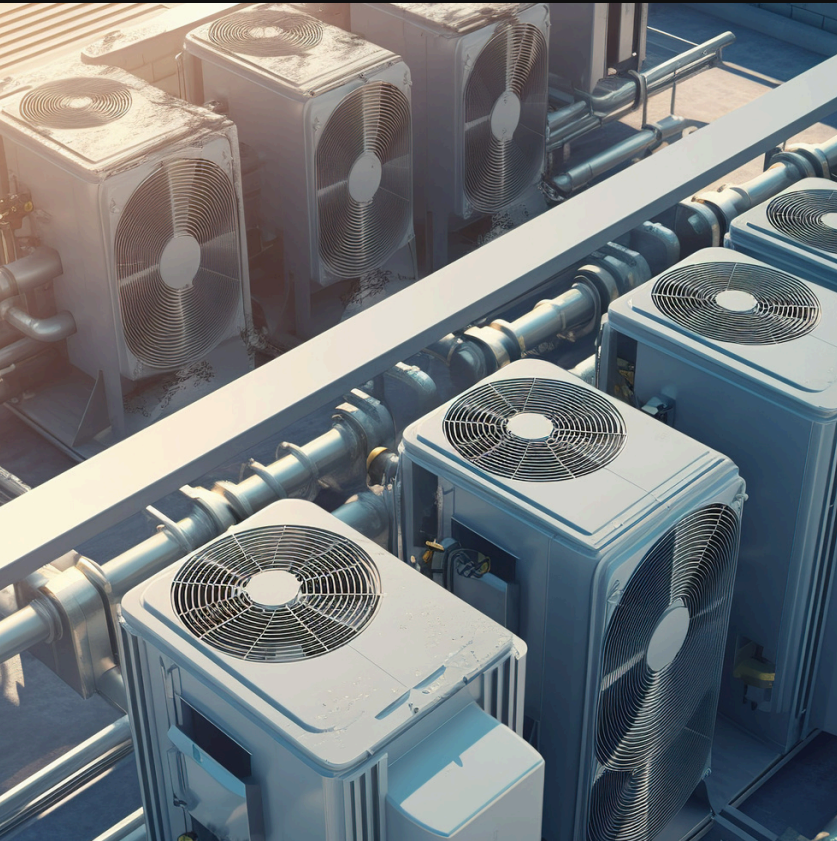

Our mission is to provide integrated and reliable contracting services in construction and maintenance through a professional team and best industry practices—ensuring efficient project execution, high quality, and complete client satisfaction at every stage.

The background of the slide is a collage of architectural elements. On the left, there are detailed technical drawings including a section view of a building with a sloped roof showing a 'vent shaft' and a floor plan with various dimensions and grid lines (A-E, 1-4). In the center, there is a photograph of a modern interior space, possibly a library or study, with orange walls, white desks, and large windows. The overall design is clean and professional, with a mix of technical and lifestyle imagery.

What We Do

At **Pinnacle Technical Services**, we offer a comprehensive range of contracting services covering all aspects of construction and maintenance. Our expertise spans mechanical, electrical, plumbing, civil works, and finishing, enabling us to execute a wide variety of projects with high efficiency and guaranteed quality.

We serve residential, commercial, and industrial projects, delivering cost-effective and timely solutions while maintaining the highest standards of safety and professionalism at every stage

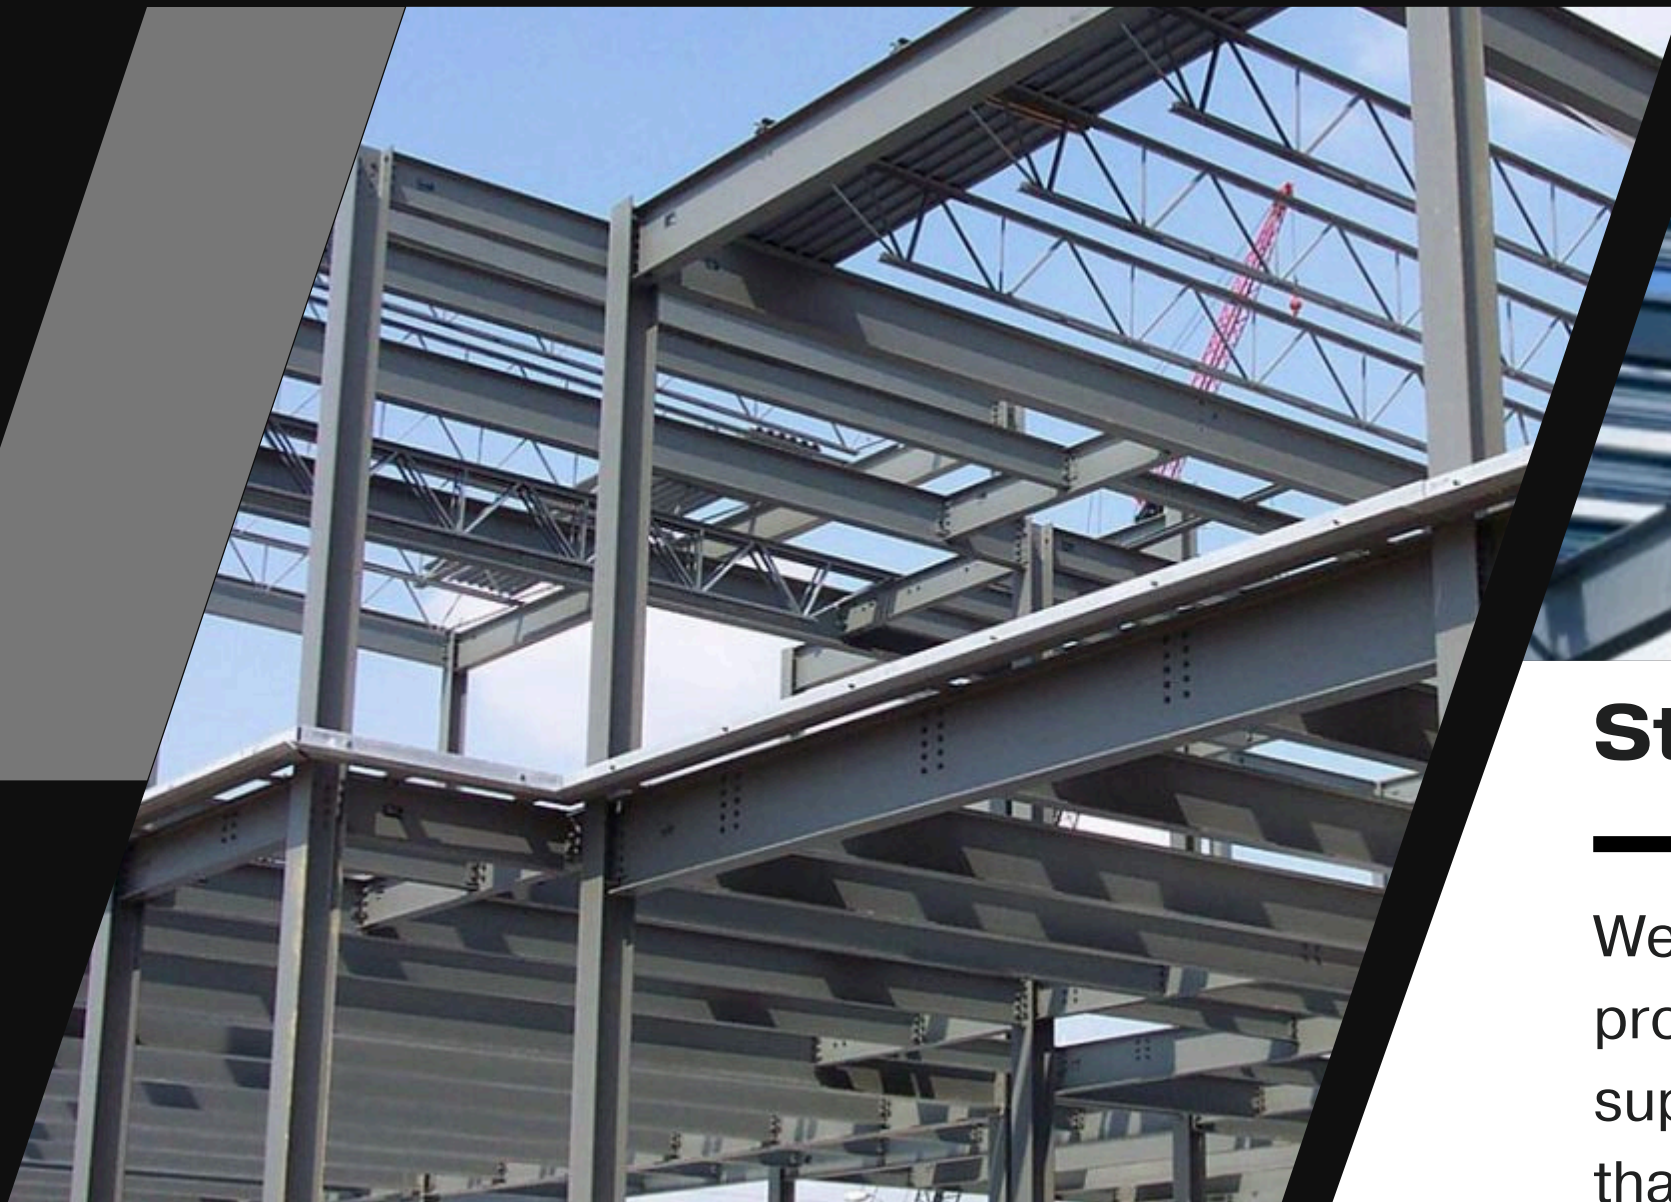

Plumbing & Sanitary Contracting

We execute all plumbing and sanitary installation works, including potable water systems, sewage, and rainwater drainage according to the latest engineering standards. We use high-quality materials to ensure system durability and efficiency, along with regular maintenance and prompt repair services to prevent any performance issues. Our experienced team guarantees high-quality execution for both new constructions and renovation projects.

HVAC, Ventilation & Air Purification

We provide comprehensive services for installing, operating, and maintaining central and split air conditioning systems, along with modern ventilation and air purification solutions. We ensure optimal air distribution inside buildings to achieve a high level of environmental comfort and health. Utilizing the latest technologies and equipment, we guarantee operational efficiency and energy savings, all while adhering to the highest standards of quality and safety. Our services are tailored to meet the needs of residential, commercial, and industrial projects of various sizes.

Steel Products Installation & Maintenance

We specialize in the installation and execution of a wide range of steel products in buildings, including stairs, railings, frames, and structural supports. Our focus is on delivering durable, high-quality steelwork that ensures safety, strength, and long-term performance. We also provide regular maintenance and repair services to keep all steel components in optimal condition.

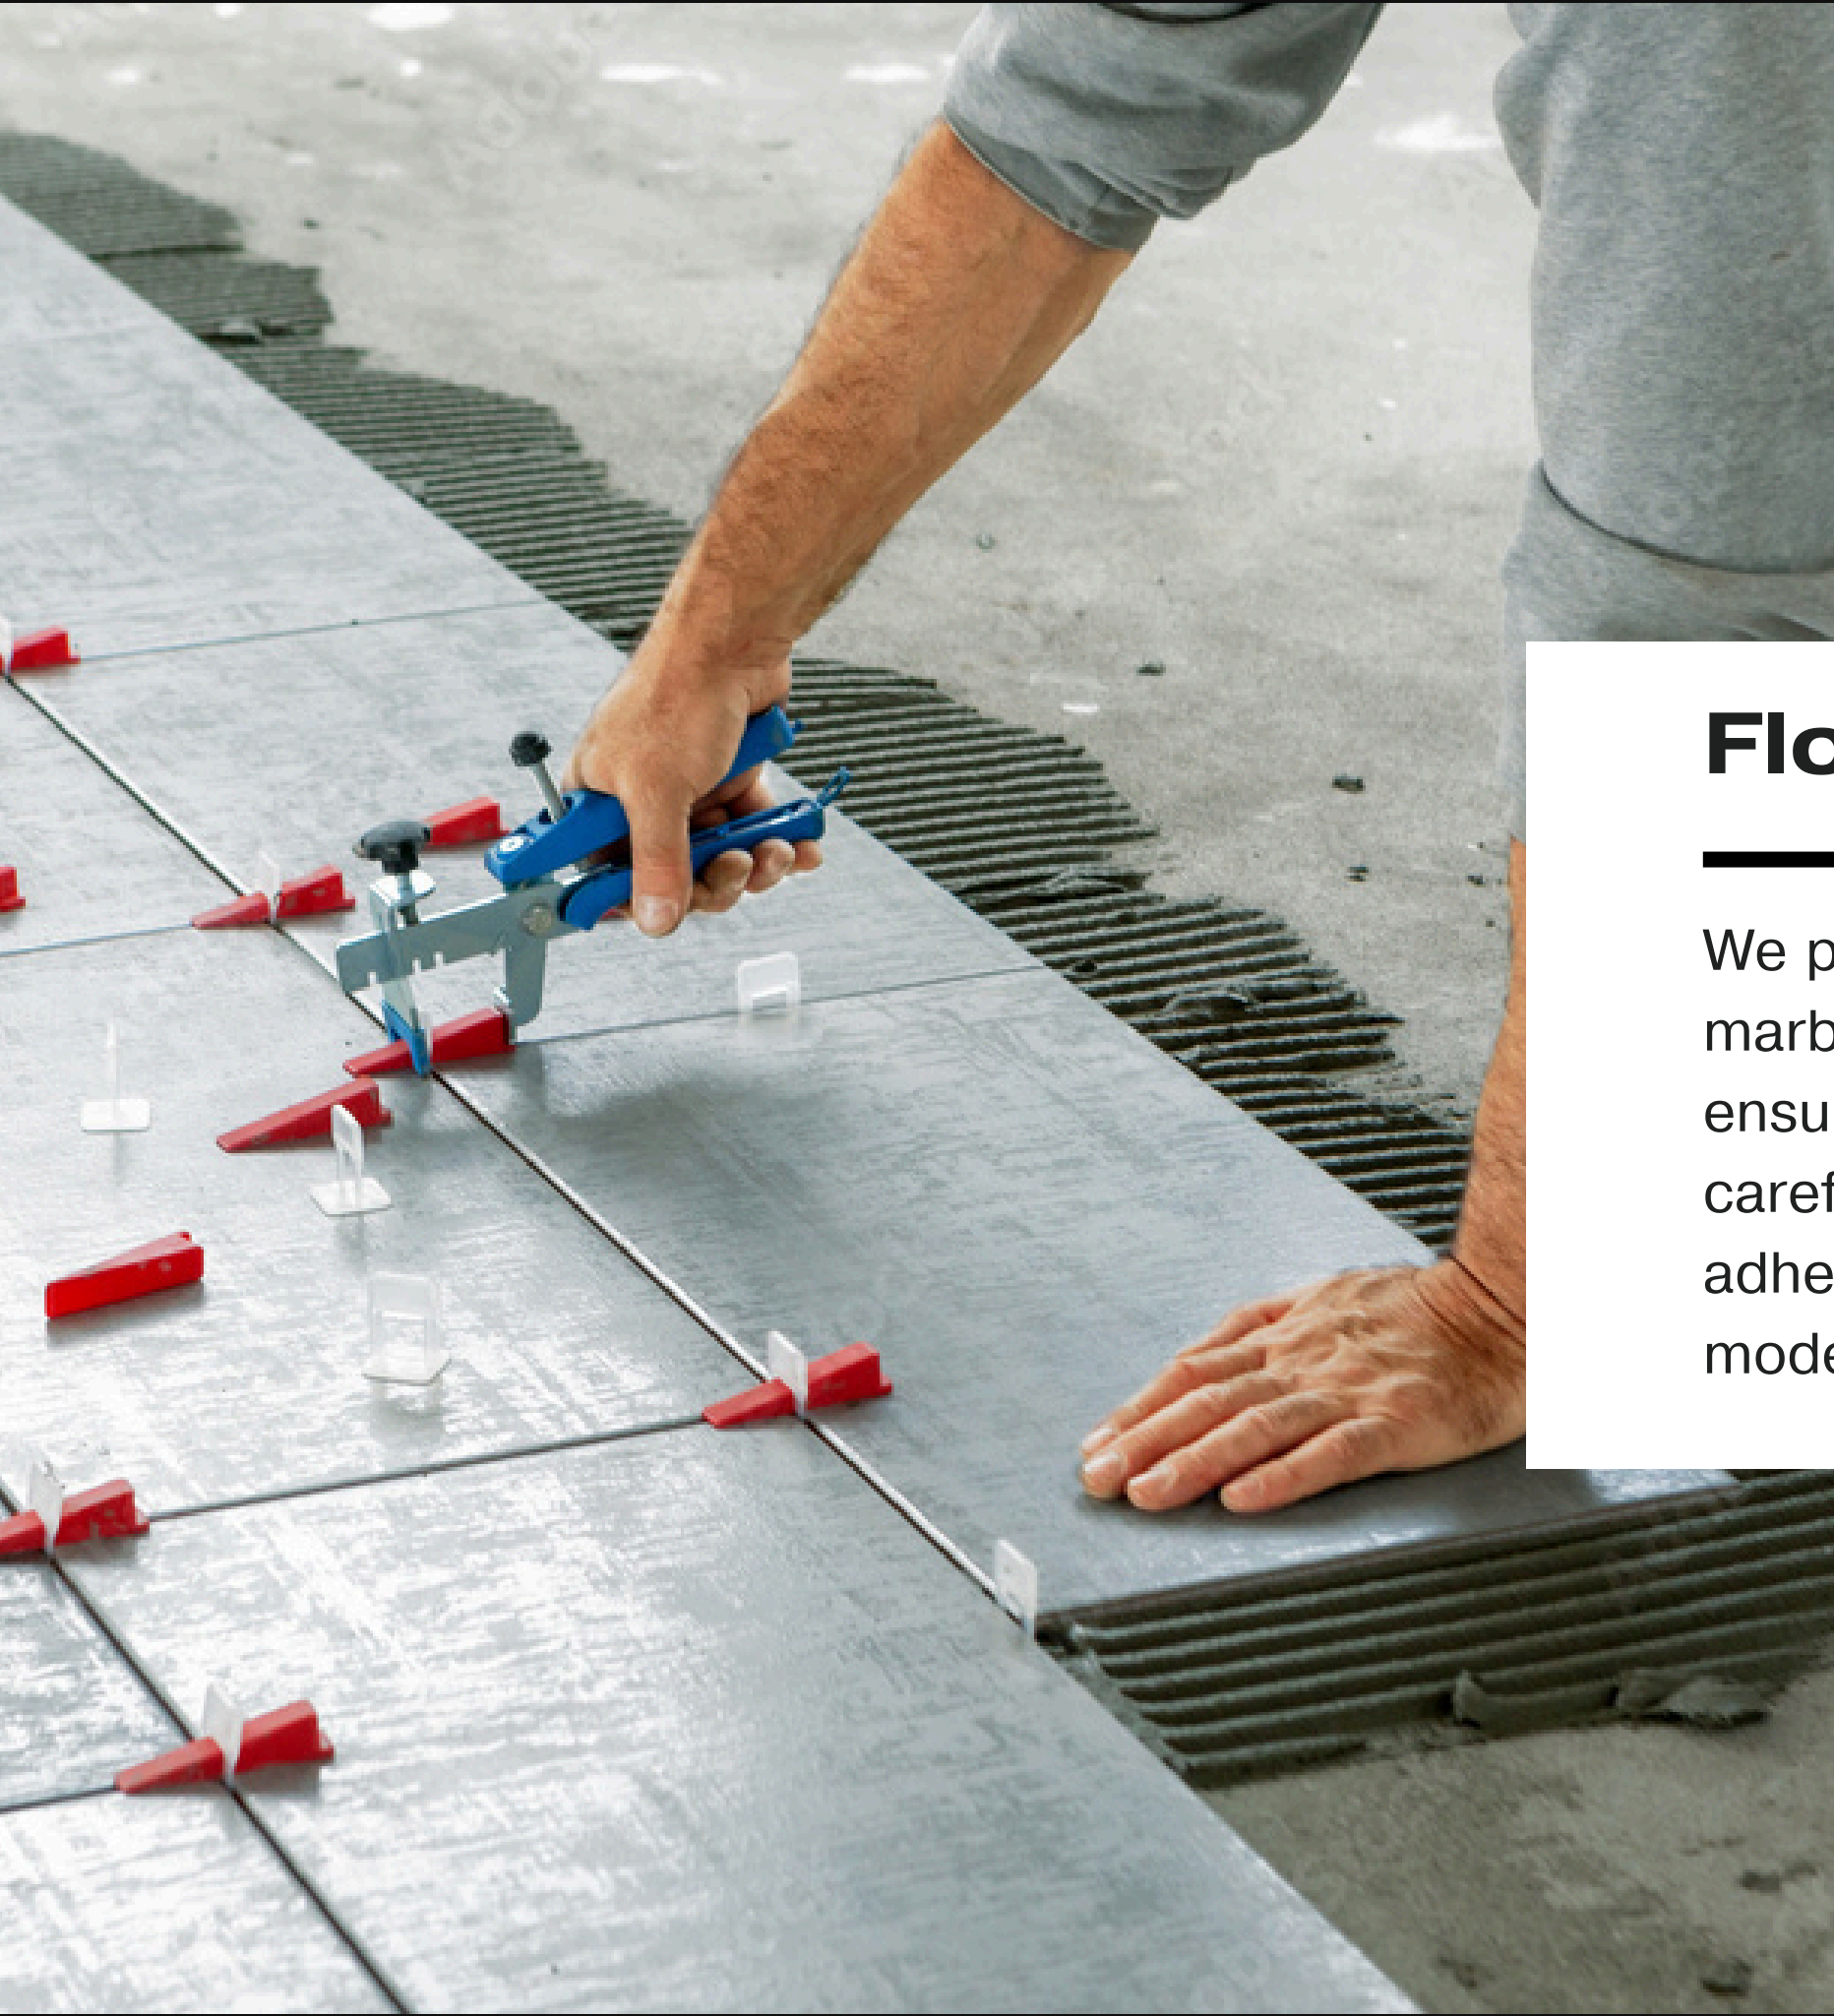

Aluminum & Glass Installation

We offer design, fabrication, and installation services for aluminum and glass systems in buildings, including facades, windows, and doors, using high-quality materials that ensure thermal and acoustic insulation. We pay close attention to aesthetic details and finishing touches to provide a modern and elegant look, along with maintenance and repair services to preserve system quality.

Electrical Fittings & Fixtures Services

We offer expert maintenance and repair services for a wide range of electrical fittings and fixtures, including distribution panels, lighting systems (indoor and outdoor), switches, sockets, and concealed wiring. Our team follows the highest safety standards to ensure reliable performance and long-term safety. We also provide smart solutions to minimize energy consumption and optimize system efficiency.

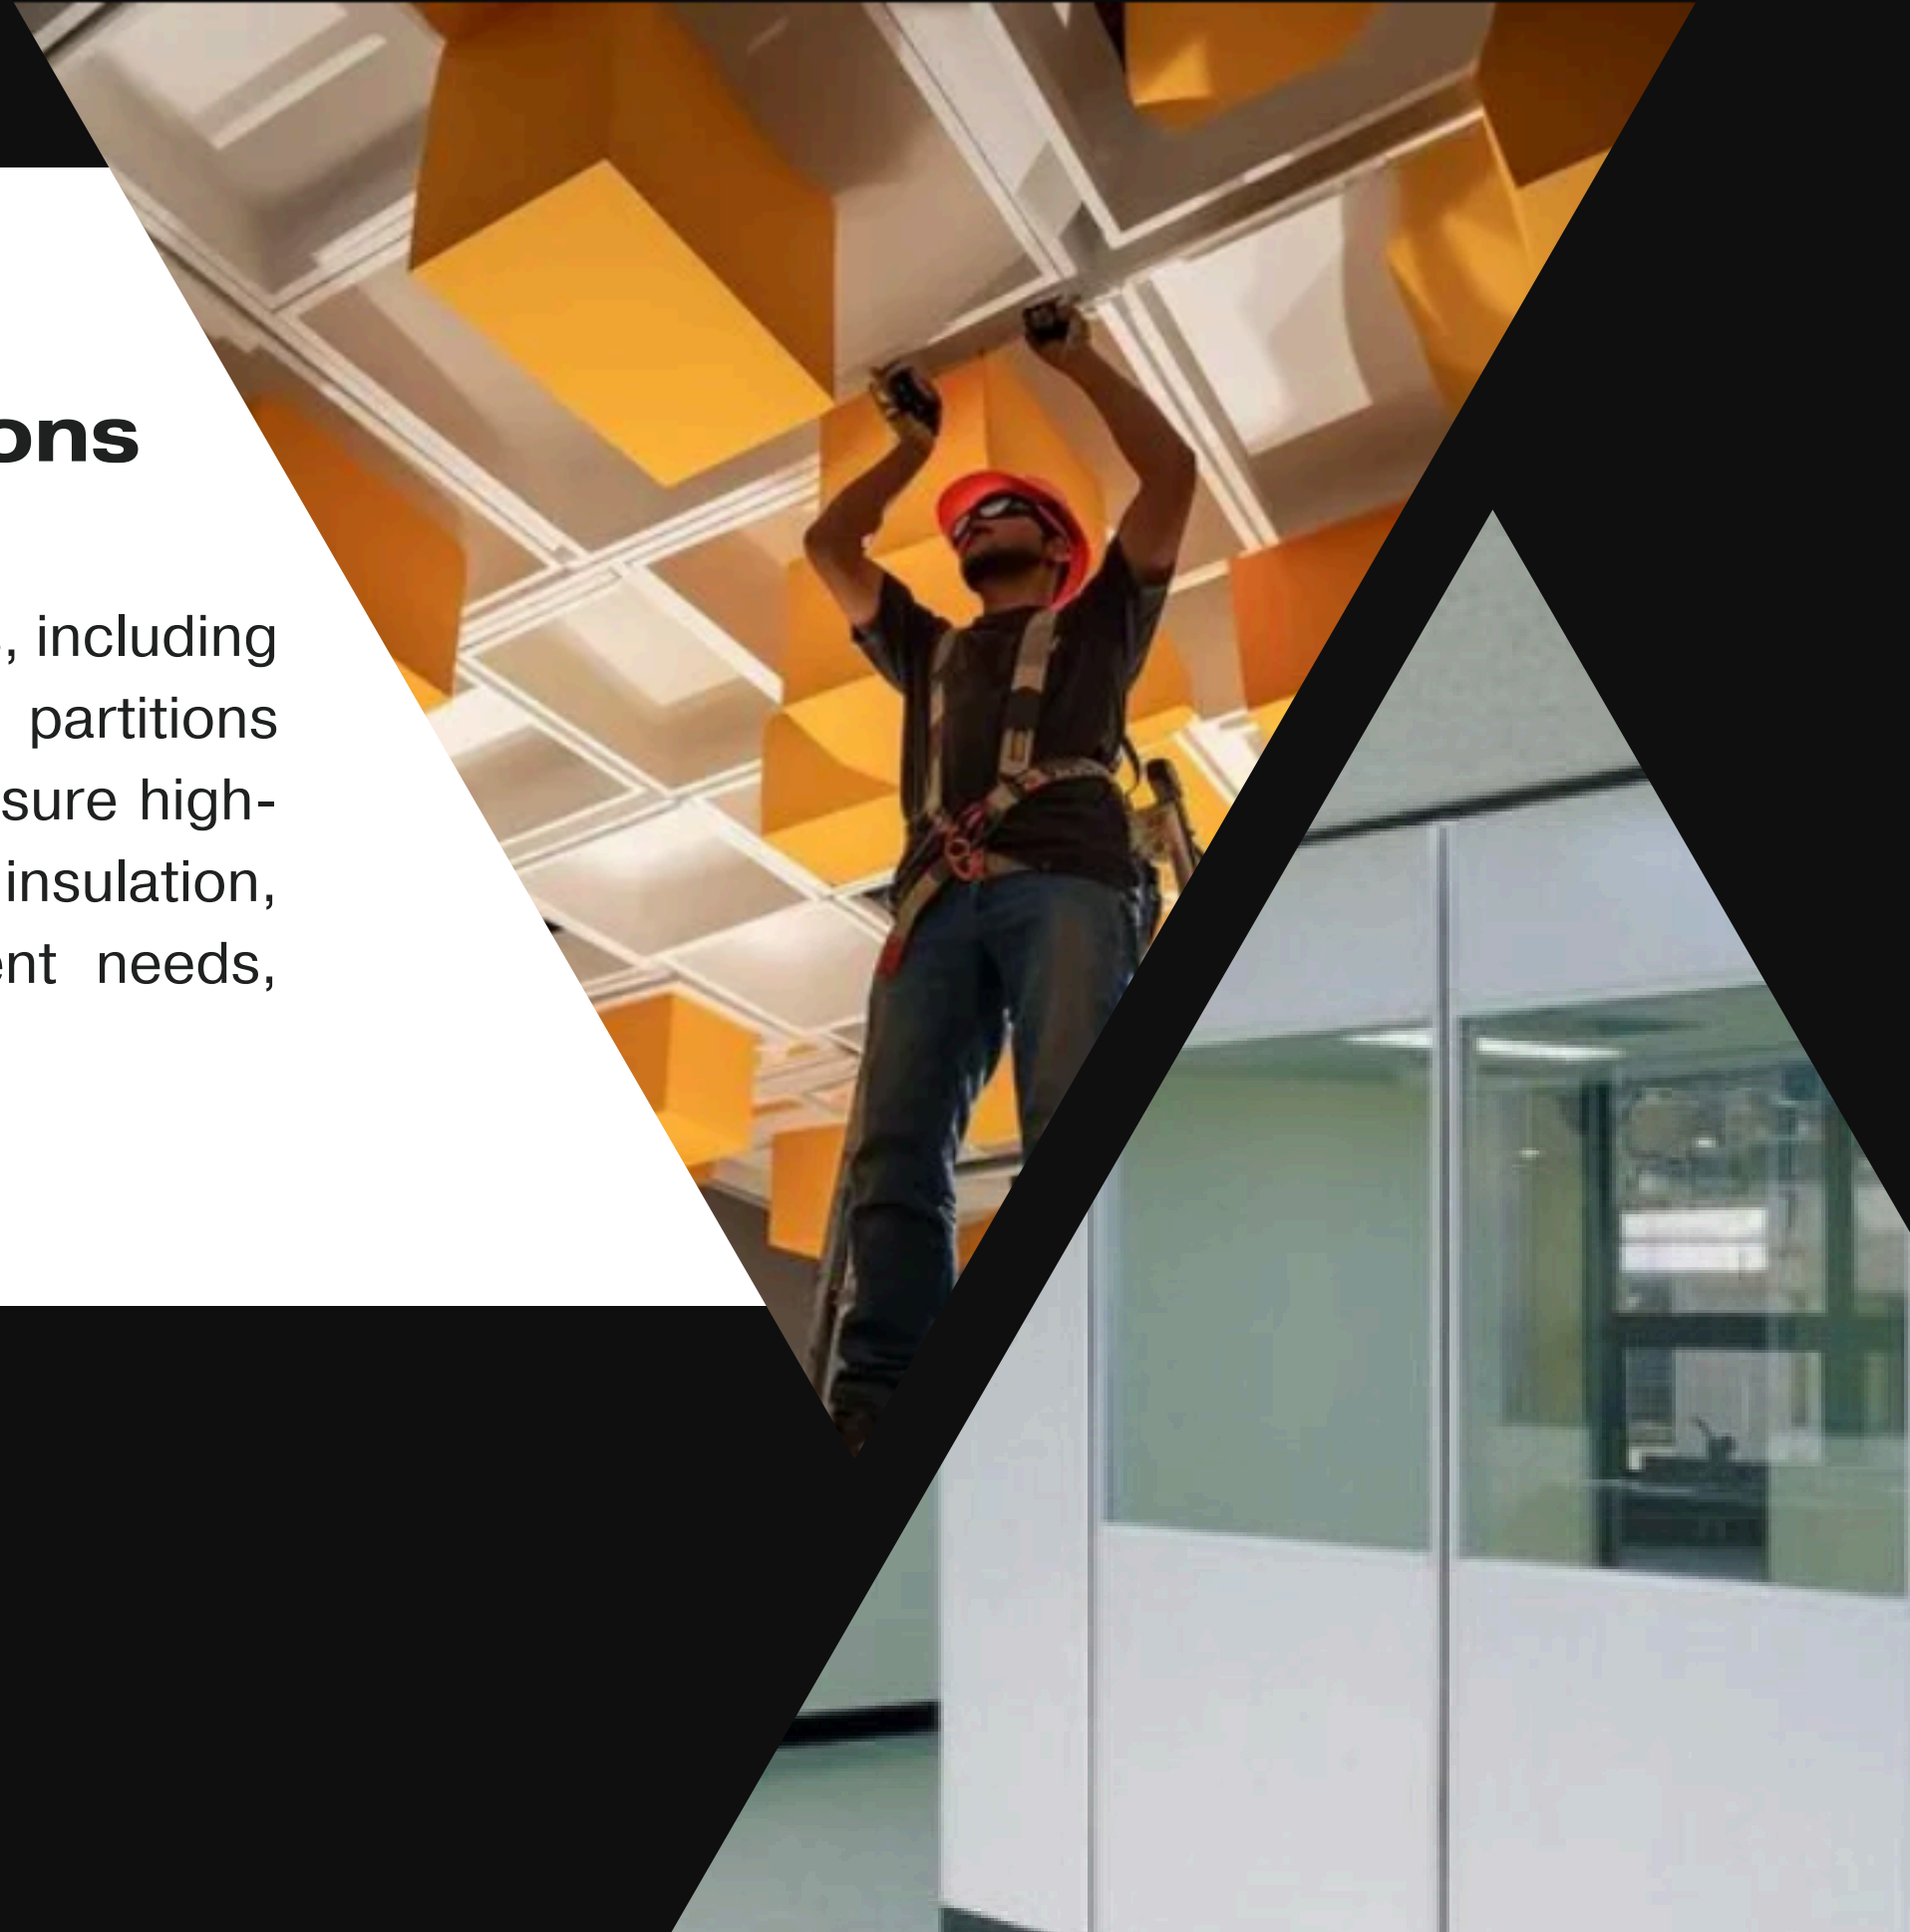

Floors & Walls Tiling Works

We provide professional installation of tiles, ceramics, and marble for floors and walls using precise techniques to ensure durable fixing and a harmonious appearance. We carefully select materials suited for each project while adhering to quality standards, giving spaces an elegant, modern look that is easy to maintain and clean.

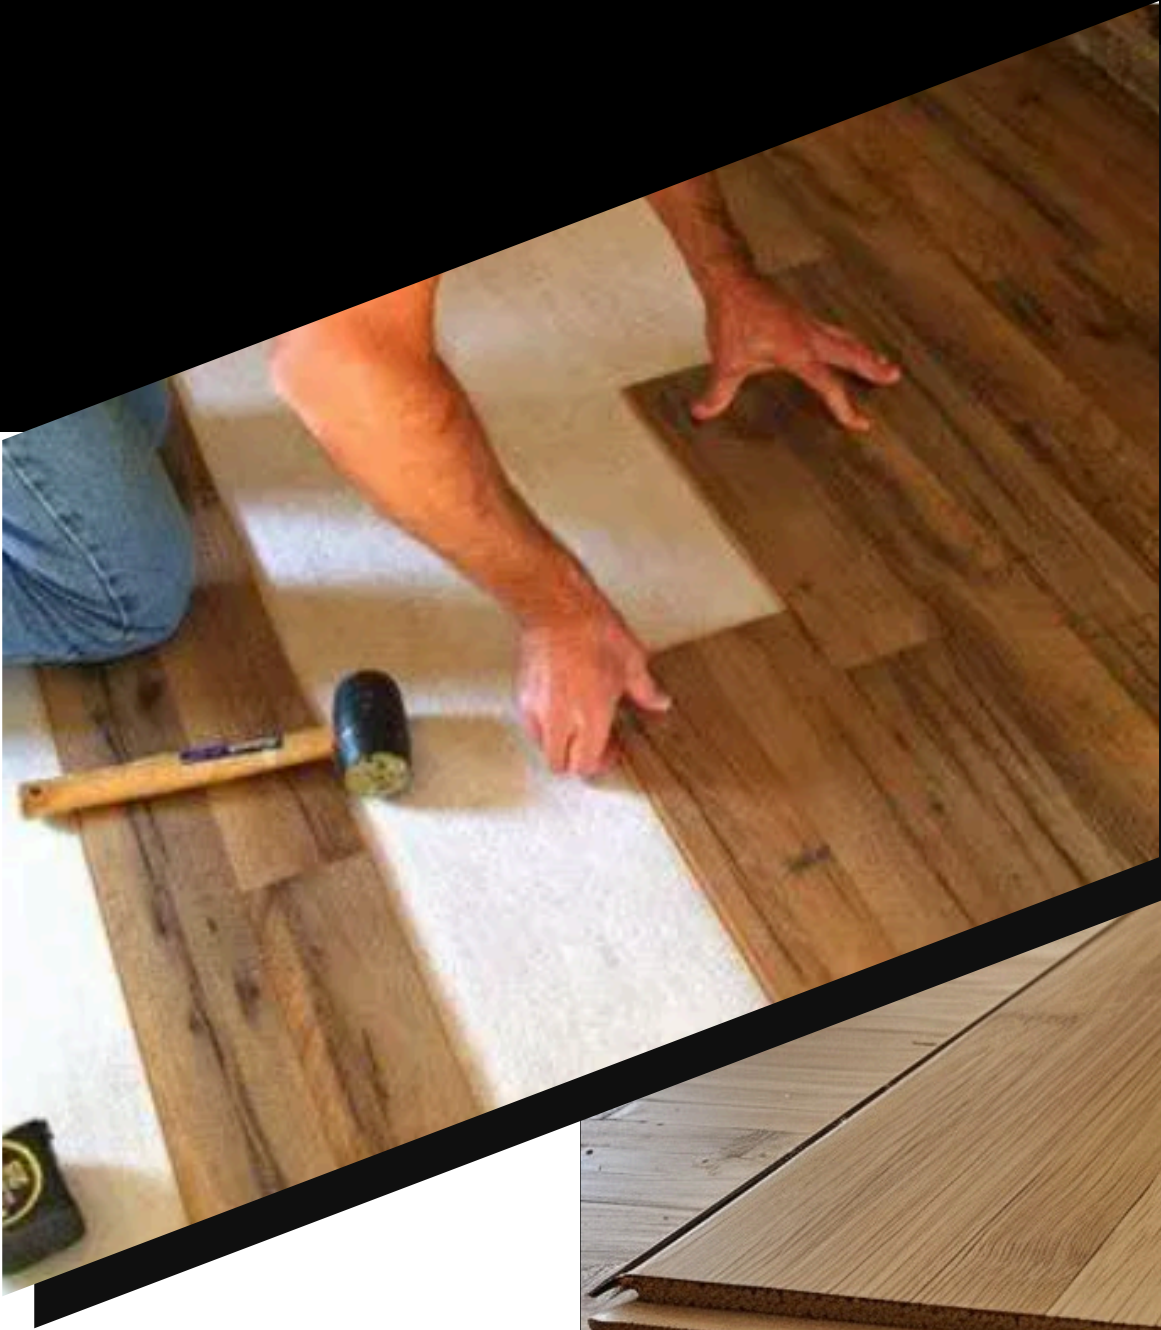

False Ceiling & Light Partitions

We install various types of suspended ceilings, including gypsum, metal, and wood, along with light partitions used to flexibly divide interior spaces. We ensure high-quality execution with sound and thermal insulation, offering innovative designs tailored to client needs, adding aesthetic touches to the environment.

Carpentry & Wood Flooring Work

We offer a variety of carpentry services including manufacturing and installing doors, cabinets, and interior decor, along with wooden flooring installation such as parquet and laminate. Using high-quality materials, we ensure precise workmanship that enhances interior design beauty and guarantees long-lasting durability.

Swimming Pool Installation

We design, construct, and install swimming pools of various types, including concrete and fiberglass, with advanced filtration and sanitation systems to maintain water cleanliness and quality. We consider both aesthetic and functional aspects, adhering to safety standards to ensure a safe and enjoyable swimming experience, along with regular maintenance services.

Painting Contracting

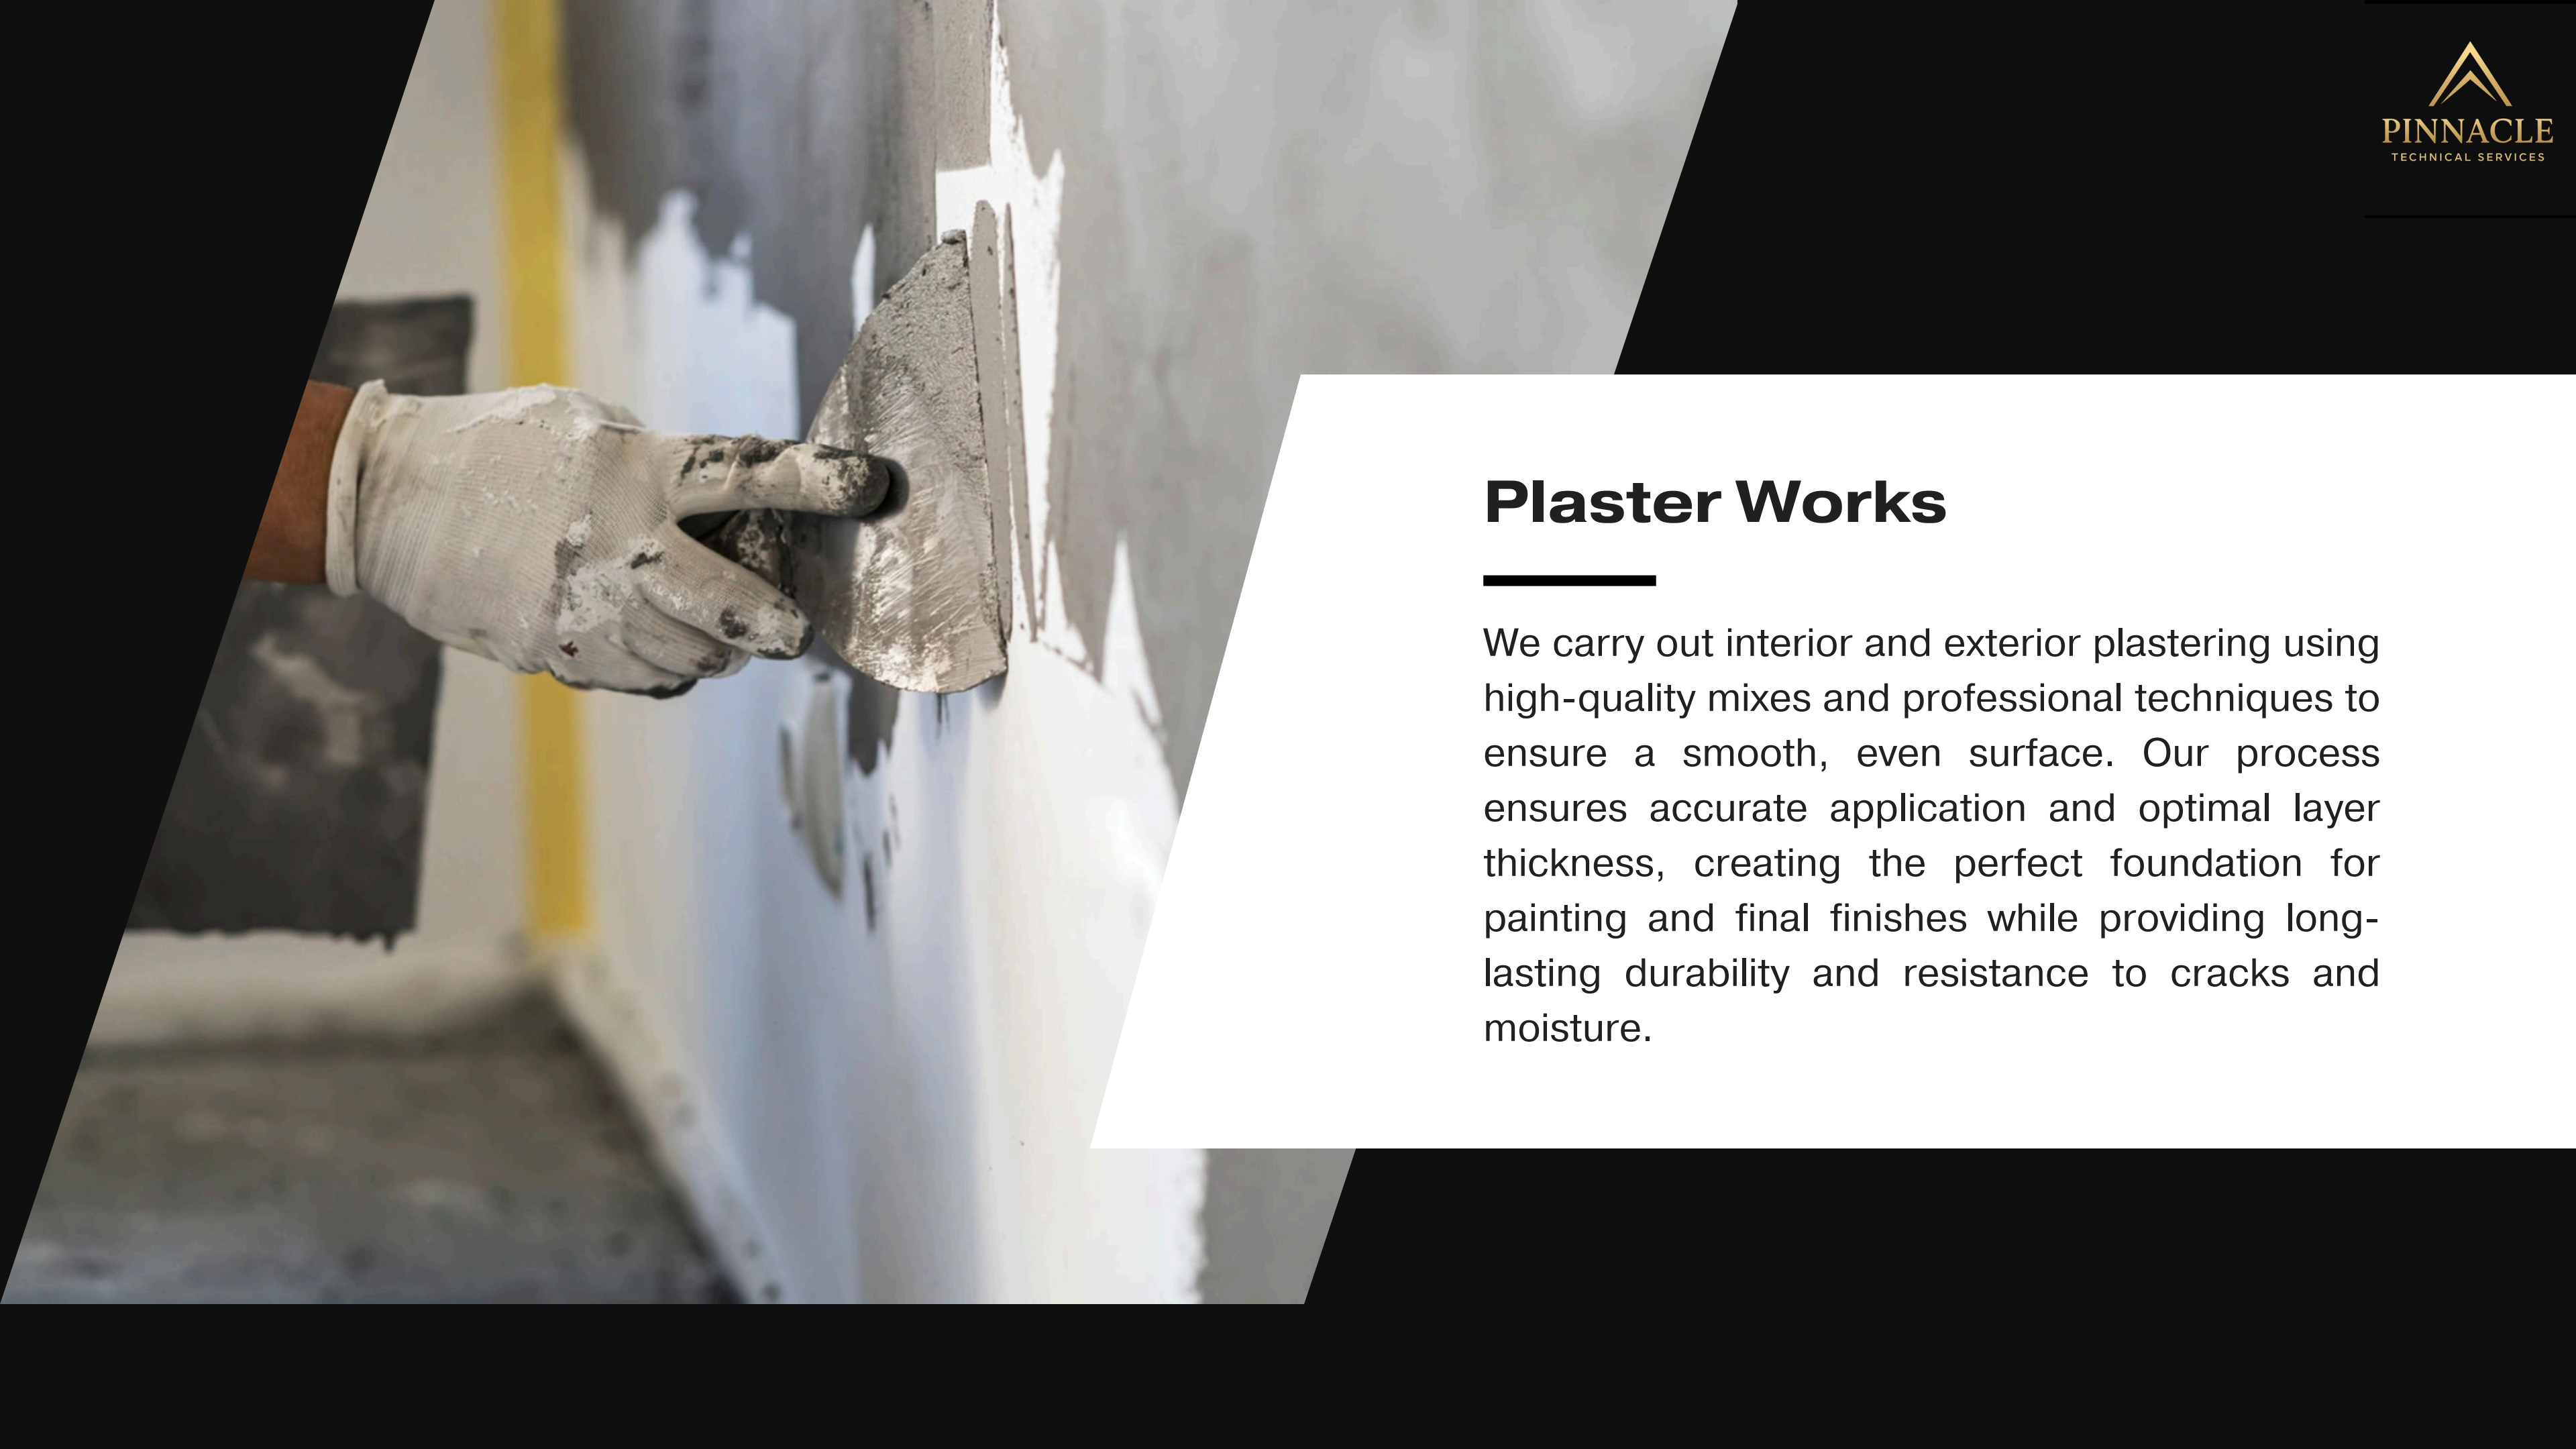

We carry out interior and exterior painting using high-quality, weather-resistant paints, applying modern techniques for smooth coverage and professional finishes. We focus on color harmony and fine details to create aesthetic results that reflect the project's character and the client's vision.

A close-up, low-angle shot of a modern, polished chrome kitchen faucet. The faucet is sleek and contemporary, with a curved spout and a single-lever handle. It is set against a blurred background of a kitchen interior, showing other fixtures and cabinetry. The lighting is warm, highlighting the metallic sheen of the faucet.

Sanitary Installation & Pipe Repairing

We deliver professional repair and maintenance services for sanitary installations and water pipelines. Our team uses modern tools and proven techniques to detect leaks, fix blockages, and restore damaged piping systems efficiently. We prioritize quick response and durable solutions to ensure consistent water flow and maintain hygiene, all while upholding top safety and quality standards.

The background of the slide is a photograph of a person's hand wearing a white work glove, using a metal trowel to smooth a layer of white plaster on a wall. The wall has some vertical yellow lines. The image is partially obscured by a white text box on the right.

Plaster Works

We carry out interior and exterior plastering using high-quality mixes and professional techniques to ensure a smooth, even surface. Our process ensures accurate application and optimal layer thickness, creating the perfect foundation for painting and final finishes while providing long-lasting durability and resistance to cracks and moisture.

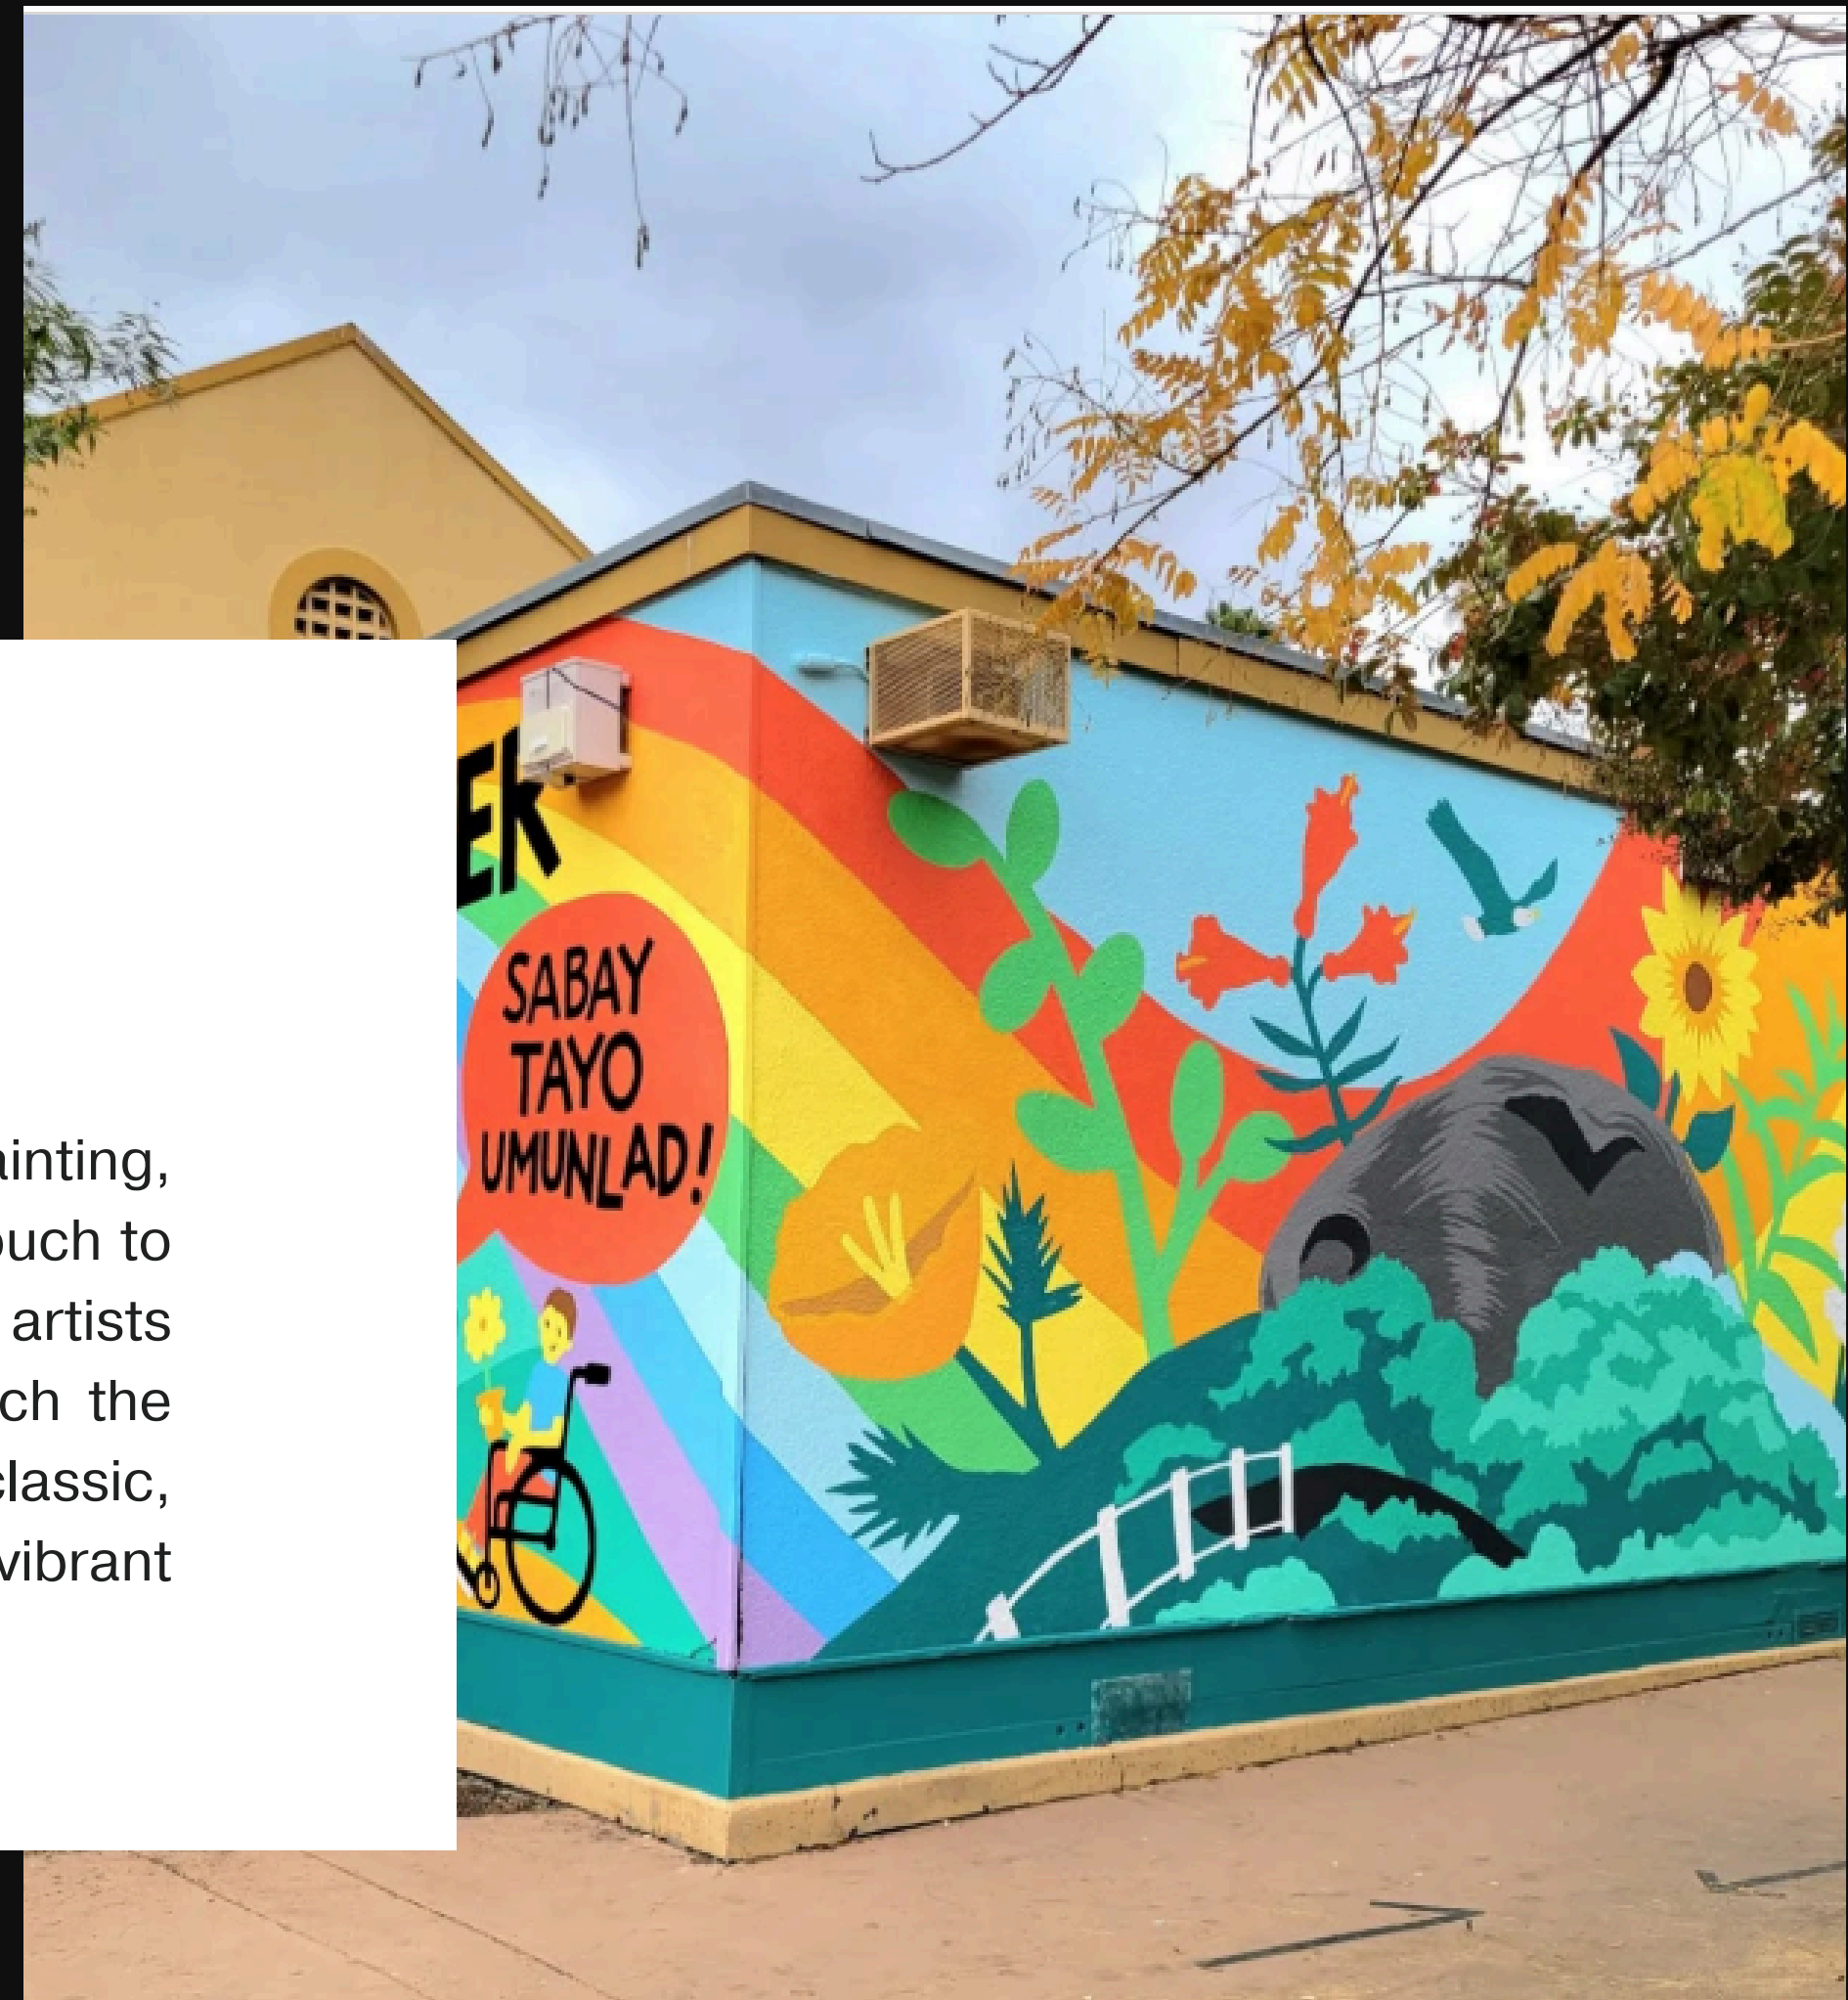

Doors & WPC (Wood-Plastic Composite) Installation

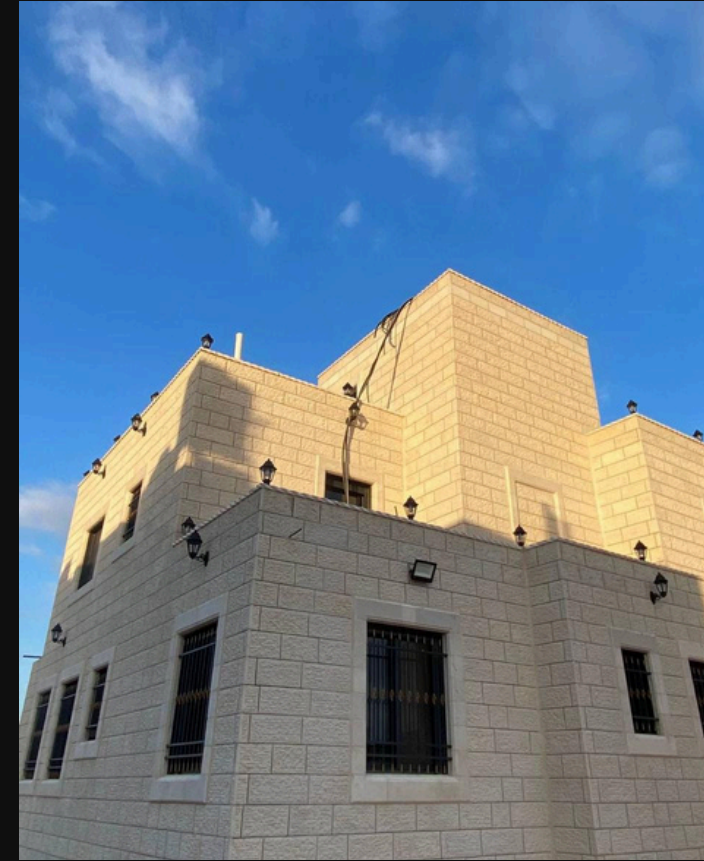

We offer supply and installation services for high-quality interior and exterior doors, along with WPC (Wood-Plastic Composite) products used for walls, ceilings, and outdoor areas. Our materials are water-resistant, durable, and designed to provide a modern and elegant finish. We also provide maintenance services to ensure long-lasting performance.

Wall Art, Mural Painting & Sculpting

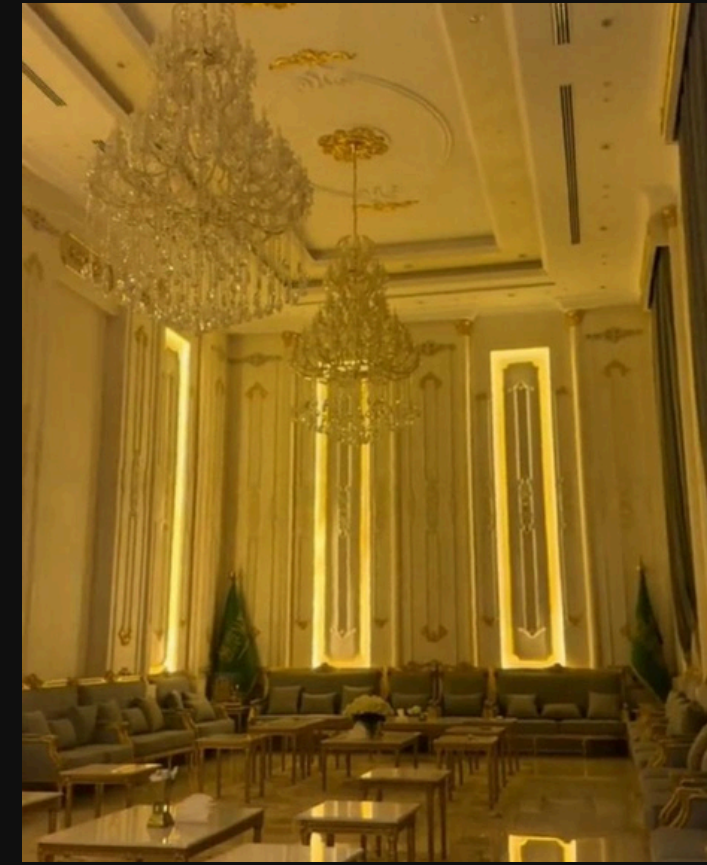

We offer custom hand-painted wall art, mural painting, and sculpting services to add a unique artistic touch to residential, commercial, and school spaces. Our artists create tailored murals and sculptures that match the client's style, whether modern, abstract, or classic, using high-quality, durable materials to ensure vibrant and long-lasting results.
